

Paid Internship in Chemical Engineering

Employment based in Switzerland at Cemex Innovation Holding ag, Brugg BE;

Yearly internship program from August 2025 till July 2026

Position purpose

The Global Operations and Technology department (GO&T) is a core team inside CEMEX INNOVATION HOLDING AG based in Switzerland. The GO&T team handles and / or supports all production technology related projects of the company worldwide. Its mandate is two folded: On one hand it provides high level support to all Cemex cement operations worldwide for the design and deployment of novel collaboration practices and knowledge management tools, and on the other, it is responsible for proposing and developing new materials and technologies and for providing insight and evaluation of available technologies that are relevant to the company.

Activities

- Support the coordination and preparation of the laboratory reliability assessments in accordance with the Cemex Analytical Reliability (ARE) program to achieve higher reliability in Cemex's cement plant laboratories;
- Support the coordination of an execution action plan with the program representatives, to ensure integral problem solving within the Cemex cement plants;
- Perform remote Analytical Reliability (ARE) assessments to improve overall performance;
- Propose actions to be followed by the operations and its completion.

Our requirements

- Knowledge of spoken and written English at least B2 level;
- Student status;
- Education in the field of Chemical Engineering, Chemistry, Bio-Chemistry
- Documents required for application in English: Personal CV, personal letter of

motivation;

- European Passport or ID (Swiss law requirement);
- Documents nice to have: professor's letter of recommendation, validation of English fluency.

What can you gain?

- Monthly salary;
- Assistance with accommodation upon arrival in Switzerland;
- 2 weeks vacations per every six months;
- The student can use the topic of his research internship experience to write his thesis after the conclusion of his internship and together with his thesis advisors, can also publish an article on a refereed journal;
- Development of your technical and soft skills through mentoring and feedback;
- Enhancement of your resume and portfolio with real-world projects and achievements.
