

Paid Internship in Chemistry, Chemical Engineering

Employment based in Switzerland at Cemex Innovation Holding ag, Brugg BE;

Yearly internship program from February 2026 till January 2027

Position purpose

The Global Operations and Technology department (GO&T) is a core team inside Cemex Innovation Holding AG based in Switzerland. The GO&T team handles and / or supports all production technology related projects of the company worldwide. Its mandate is two folded: On one hand it provides high level support to all Cemex cement operations worldwide for the design and deployment of novel collaboration practices and knowledge management tools, and on the other, it is responsible to propose and develop new materials and technologies and to provide insight and evaluation of available technologies with regards to the relevancy to the company.

Activities

- Support the coordination and preparation of the laboratory reliability assessments according to the Analytical Reliability (ARE) program results to achieve higher reliability in our laboratories
- Support the coordination of an execution action plan with the program representatives, to ensure integral problem solving within the cement plant,
- Perform remote Analytical Reliability (ARE) assessments to improve overall performance,
- Propose actions to be followed by the operations and its completion.

Requirements

- Knowledge of spoken and written English at least B2 level,
- Student status/ PhD student status,
- Education in the field of Chemistry, Chemical Engineering etc.,
- Ability to work in diverse teams,
- Documents required for application: Personal CV, personal letter of motivation,
- Documents nice to have: professor's letter of recommendation, validation of English fluency.

What can you gain?

- Development of your technical and soft skills through mentoring and feedback,
- Enhancement of your resume and portfolio with real-world projects and achievements,
- The student can use the topic of his research internship experience to write his thesis after the conclusion of his internship and together with his thesis advisors, can also publish an article on a refereed journal,
- Monthly salary,
- Assistance with accommodation upon arrival in Switzerland,
- 2 weeks vacations per every six months of Internship.
